VOLUNTARY ELEVATION AGREEMENT

BETWEEN

THE CITY OF NEW ORLEANS

AND

BRUCE A. BRACKMAN

4410 SAN MARCO RD., NEW ORLEANS, LA 70129

THIS VOLUNTARY ELEVATION AGREEMENT (the “**Agreement**”) is entered into by and between the City of New Orleans, represented by Gilbert Montañó, Chief Administrative Officer (the “**City**”), and Bruce A. Brackman (the “**Property Owners**”). The City and the Property Owners may sometimes be collectively referred to as the “**Parties**.” The Agreement is effective as of the date of execution by the City (the “**Effective Date**”).

WHEREAS, the City desires to utilize Flood Mitigation Assistance (“**FMA**”) Program funds to mitigate eligible properties under the terms described in this Agreement;

WHEREAS, eligibility for the FMA program was established by the Federal Emergency Management Agency (“**FEMA**”) and the Governor’s Office of Homeland Security and Emergency Preparedness (“**GOHSEP**”);

WHEREAS, the City informed eligible Property Owners of the FMA program and invited interested property Owners to voluntarily participate in the program on a first come, first served basis;

WHEREAS, mitigation policy for the City states that the City’s preferences for mitigation activities using FMA funds are elevation and reconstruction and that acquisition is a mitigation activity not supported by the City;

WHEREAS, Property Owners affirm that they are the owners of the residential property located at 4410 San Marco Rd., New Orleans LA 70129 (the “**Subject Property**” or the “**Structure**” by means of elevation) and were the Owners of the Subject Property on June 7, 2019;

WHEREAS, the City prepared and submitted a mitigation application, containing the Subject Property, to GOHSEP on behalf of eligible and interested Property Owners for this assistance for elevation of “Severe Repetitive Loss” structures within the City;

WHEREAS, the City was subsequently notified by GOHSEP that the applications for assistance under the FMA Program were approved. The Subject Property was listed in an application which was authorized for elevation by virtue of receipt of a letter of approval from GOHSEP dated June 13, 2019 incorporated herein by reference; and

WHEREAS, Property Owners are eligible for and desire to perform mitigation of the Subject Property.

NOW THEREFORE, the City and Property Owners for the consideration and under the conditions set forth do agree to abide by the terms below as well as the standard contract

provisions and in Exhibit A which are attached hereto and made part of this Agreement:

ARTICLE I - THE PROPERTY OWNERS' OBLIGATIONS

Section A. Property Owners Obligation Requirements for Eligibility. To avoid duplication of benefits and to maintain eligibility for a FMA grant, Property Owners must not receive funds from more than one federal source for the same activity. If such other funds are received or available to Property Owners, and if receipt of such funds does not render Property Owners ineligible for the FMA program, then Property Owners will voluntarily contribute the additional funds to the project as "Property Owners Obligation." The total FMA grant will be reduced by the amount of additional funds, as long as acceptance of such additional funds has not or will not render the Property Owners ineligible for FMA. Additional eligible funds include but may not be limited to Increased Cost of Compliance ("ICC") funds and Road Home Elevation Incentive funds funded by Community Development Block Grants ("CDBG"). Additional ineligible funds include but may not be limited to Road Home Hazard Mitigation funds and State OCD-DRU Elevation Grant funds (i.e., Property Owner loses FMA eligibility if they accept these funds). The estimated Property Owner Obligation for the Subject Property is \$0.00 as shown in Exhibit A. Proof that the Property Owner Obligation has been met must be provided prior to grant funds being expended.

Section B. Continuing Eligibility. Property Owners' initial eligibility for this grant has been approved by GOHSEP by way of an approved grant application as cited in Article I, and on the condition that Property Owners meet the Property Owner Obligation requirements specified in Article II. However, continuing eligibility for this grant is on the condition that Property Owners actually meet and carry out all of the provisions of this Agreement to the satisfaction of the City and for the duration of the project. Property Owners' failure to carry out any of the provisions of this contract will result in the Subject Property being deemed ineligible for grant funding, and Property Owners will be legally responsible for paying back, within thirty calendar days, all amounts expended on the Subject Property. Property Owners will also be subject to increases to their insurance premium rates under the National Flood Insurance Program ("NFIP").

Section C. Voluntary Participation. Property Owners' participation in this project is voluntary and Property Owners may withdraw from the project at any time. Property Owners who want to withdraw from the project must notify the City in writing of their decision to withdraw and the effective date of their withdrawal, and must transmit this notice by way of registered mail to: Hazard Mitigation Office, City of New Orleans, 1300 Perdido Street, Suite 9W03, New Orleans, LA 70112. If Property Owners withdraw from the project after work has begun, Property Owners are legally responsible for paying back, within 30 calendar days, all amounts expended on the Subject Property. Property Owners will also be subject to increases to their insurance premium under the NFIP.

Section D. Voluntary Flood Insurance Disclosure. Property Owners hereby grant FEMA and the State of Louisiana permission to disclose all flood insurance coverage and claim information to officials of the City for the purpose of aiding in their planning and decision-making regarding mitigation or assistance actions affecting the Subject Property under the Stafford Act, Section 404, as amended and the NFIP and other Unified Hazard Mitigation Assistance programs.

Section E. Property Owner Responsibility. Property Owners are responsible for all aspects of work on the Subject Property, including but not limited to: the hiring and/or firing of all contractors who work on the Subject Property; the obtaining and/or maintaining of any insurances or bonding that may be needed for the acceptance, performance and completion of work performed by the contractor chosen by Property Owners (“**Property Owners’ Contractor of Choice**”); and for the provision of properly prepared written receipts and invoices for work completed. Property Owners are responsible for understanding and fully carrying out the provisions of this contract as a condition of establishing and maintaining eligibility to receive reimbursement for project costs. Property Owners are responsible for providing current contact information to the City, and for responding to requests for information from the City and/or its agent for the duration of the project.

Section F. Elevation. Property Owners understand that the lowest floor of the structure will be elevated, as required by New Orleans Municipal Code, Section 78-81, to one foot above the BFE as determined by the current adopted FIRM or three feet above the highest adjacent curb (in the absence of curbing, three feet above the crown of the highest adjacent roadway), whichever is higher. The structure will not be allowed to be elevated higher than two feet above the most stringent applicable regulation.

Section G. National Flood Insurance Requirement.

1. Property Owners must maintain flood insurance on the Subject Property both during and after completion of the project. The Subject Property must be covered by flood insurance to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less. Federal Law requires that flood insurance coverage on the Subject Property must be maintained during the life of the property regardless of transfer of ownership.

2. To provide notice to subsequent purchasers of these conditions, Property Owners must adopt a deed restriction, legally filed with the Orleans Parish Civil District Court Conveyance Office. This deed restriction must include the name of the current Property Owners (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

“This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of Ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the Owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3 and City/County/Parish Ordinance. In addition to the criteria above enclosed areas below the Base Flood Elevation in identified V Zones, or areas within the limit of 1.5 foot breaking wave inundations must not exceed 299 square feet must be constructed with non-supporting breakaway walls.”

3. Property Owners agree that any failure to provide proof of insurance as required under this section authorizes the City to obtain and maintain such insurance at Property Owners’ cost and expense, and to seek reimbursement from the Property Owner. Upon any failure of the

Property Owners to maintain the required flood hazard insurance, the City shall obtain and maintain such force placed hazard insurance at the Property Owners' cost and expense.

4. Failure to comply with this section may also cause Property Owners to be liable to repay the amount of the grant award.

5. The City may exercise its rights under this section during any time it does not have proof of a current insurance policy showing compliance with this section.

Section H. Right of Access. Property Owners grant freely and without coercion the right of access and entry to the Subject Property to the City, the Parish of Orleans, the State of Louisiana, FEMA and its agents, employees, consultants, contractors and subcontractors, for the purposes stated herein.

Section I. Additional Obligations. Property Owners will, in accordance with the schedule approved by the City:

1. Provide proof of payment (in the form of processed checks or credit card receipts) for any required Property Owner Obligation detailed in Article I, Section 2 to the Property Owners' Contractor of Choice. Cash transactions will be considered ineligible and will not be reimbursed;

2. Provide transfer of grant payments for construction related activities to the Property Owners' Contractor of Choice;

Section J. Standards. Property Owners, and any person performing work on their behalf, will perform all work under this Agreement in accordance with the most stringent flood plain regulation standards and building codes. This shall include certification by a professional engineer licensed in the State of Louisiana that the proposed mitigation activities can be feasibly completed in compliance with applicable standards and codes, and in consideration of the current condition of the structure.

Section M. Invoices.

2. All invoices must be signed by an authorized representative of the Property Owners' Contractor of Choice under penalty of perjury attesting to the validity and accuracy of the invoice.
3. The City may require changes to the form of the invoice and may require additional supporting documentation to be submitted with invoices.

If this Agreement is terminated for any reason, the Property Owner will deliver to the City all plans and records of work compiled through the date of termination.

2. Property Owners are solely responsible for the relevance and accuracy of all items and details included in any reports relating to the work performed under this Agreement, regardless of any review by the City.

Section O. Audit and Inspection.

1. Property Owners will submit to any City audit, inspection, and review and, at the City's request, will make available all documents relating or pertaining to this Agreement maintained by or under the control of Property Owners, their employees, agents, assigns, successors and subcontractors, during normal business hours at time and location that is convenient for the City.

2. Property Owners will abide by all provisions of City Code § 2-1120, including but not limited to City Code § 2-1120(12), which requires Property Owners to provide the Office of Inspector General with documents and information as requested. Failure to comply with such requests shall constitute a material breach of the Agreement. Property Owners shall comply with the mandatory standards and policies relating to energy efficiency which are contained in the State Energy Conservation Plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163 89 Stat.871). Standards, orders, or requirements are issued under section 306 of the Clean Air Act (42 U.S.C. 7609), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations.

Section Q. Owner Displacement During Elevation. Property Owners may be entitled to a partial reimbursement of Owner Displacement costs for a period not to exceed sixty days. Displaced tenants who cannot inhabit the Subject Property as a result of the mitigation activity will be partially compensated under the Uniform Relocation Act; however, the use of HMGP grant funds to partially cover Owner Displacement costs is limited to a maximum of sixty calendar days at the appropriate FEMA owner displacement guideline level.

In the event partial reimbursement of Property Owners' Displacement costs is approved, entitlement will not commence until after the Property Owners receive a "Notice to Proceed" letter from the City.

Section R. Entire Agreement. This Agreement, including all incorporated documents, constitutes the final and complete agreement and understanding between the parties. All prior and contemporaneous agreements and understandings, whether oral or written, are superseded by this Agreement and are without effect to vary or alter any terms or conditions of this Agreement.

ARTICLE IX - ELECTRONIC SIGNATURE AND DELIVERY

The Parties agree that a manually signed copy of this Agreement and any other document(s) attached to this Agreement delivered by email shall be deemed to have the same legal effect as delivery of an original signed copy of this Agreement. No legally binding obligation shall be created with respect to a party until such party has delivered or caused to be delivered a manually signed copy of this Agreement.
